EDMONTON, ALBERTA

12 AUGUST 1976

COMMONWEALTH UNIVERSITY INTERCHANGE SCHEME

Through the Commonwealth University Interchange scheme, a number of grants towards the cost of travel have been made available to facilitate visits between universities in different parts of the Commonwealth. The funds of the Interchange scheme are derived from contributions made on behalf of the United Kingdom, Australia, and Hong Kong. Although any suitably qualified member of a recognized university institution in the United Kingdom or any other Commonwealth country is invited to apply, a grant will be made only if the journey to be undertaken is between the United Kingdom, Australia, or Hong Kong and another Commonwealth country.

Awards are available to persons in three categories: category A, university teachers or officers on recognized study leave; category B, distinguished university scholars invited by universities for short visits; category C, postgraduate research workers holding research grants.

In categories A and C assistance is given towards the cost of travel only, and no grant will be made unless the applicants have adequate resources to maintain themselves in the country they wish to visit. In no case will supplementary grants be made. A fixed sum related to the cost of return passage will be paid to those receiving assistance, and any grant not taken up for a forward journey in the financial year for which it is awarded cannot be postponed. All applications must be made in triplicate on special forms obtainable from the Research Grants and Contracts Office and they must be sponsored by and submitted through the applicants' own university. Applicants are responsible for ensuring that letters of reference supporting their application are sent direct by referees to the Secretary, Committee for Commonwealth University Interchange. Applicants must normally undertake to spend at least six months at the Commonwealth university or universities that they propose to visit. A limited number of awards may be made to candidates wishing to be away from their universities for not less than one term. Awards are intended primarily to assist those persons who have secured financial support by salaried leave or research grants for the period or study proposed but who would be unable

to spend it overseas without help towards the cost of their own fares and who have been unable to obtain travel assistance from any other source. Applicants are therefore required to give particulars of any other grant held or applied for in connection with the visit proposed.

Persons in categories A and C should send three copies of their application to the Vice-Chancellor, Principal, or President of their own university. Applications must be received in London by 15 December for visits to commence during the ensuing financial year.

Visits under category B must always be proposed by the inviting universities and not by the individual concerned. Assistance is given towards travel by sea or air and will normally be arranged and paid for by the British Council. Visits so assisted are intended to enable the visiting scholar to meet and mix with younger workers in his or her own field rather than to give a series of public lectures. The visits are not intended for persons wishing to attend conferences or seminars. These visits should normally be of at least six weeks' duration, two or three universities being visited during this period. Particulars of requested visits should be sent by the Vice-Chancellor, Principal, or President of the inviting university to the Secretary, Committee for Commonwealth University Interchange, The British Council, 10 Spring Gardens, London SW1A 2BN. Applications must be received in London by 15 December for visits to take place during the ensuing financial year.

ARTS BUILDING UTILITY SERVICES

Utility services to the Arts building, including Convocation Hall, consist of direct buried systems which have been in use for a considerable length of time. Since they have become increasingly costly to maintain and repair, these services will be replaced with feeds from the University service corridor system. The change will establish the same high level of service and reliability as other buildings on campus now have and will also provide chilled water for air conditioning.

From the middle of August to the middle of September, a forty-six foot branch tunnel will be under construction at the south end

of the Arts building to connect it with the services corridor. The renovation will require a disruption of usual walkways, so watch for maps indicating detours in pedestrian traffic.

NOTICES

SENATE OFFICE ASSISTANT

The Senate Office is looking for a temporary part-time assistant for the academic year 1 September 1976 to 30 April 1977. In addition to a limited amount of secretarial work, the range of duties will include preparation of plenary session minutes and active involvement in the research and report writing activities of committees and task forces.

This person should be prepared to take an intelligent interest in the affairs of Senate and in the issues that come before it. Writing ability is essential. Hours can be arranged to suit mutual convenience. Salary will depend upon qualifications and experience. For further information telephone Neil Henry, Executive Officer, at 432-2268.

CHEMISTRY CONFERENCE

The 1976 Midwest Universities Analytical Chemistry Conference was held at the University on 2, 3, and 4 August. This annual meeting of academic analytical chemists provides an opportunity for reports on current developments in analytical teaching and research. About forty chemists from the Midwestern United States and Western Canada were in attendance.

FILM ARTS CABARET

The Alberta Motion Picture Industries Association is sponsoring a Film Arts Cabaret and Film Awards evening of dining, dancing, and entertainment on Wednesday, 22 September. Reservations must be made before 16 August; thereafter, tickets will be offered on a first-come first-served basis. Tickets are available through member firms or from Len Stahl at the AMPIA office, 347 Birks Building, telephone 424-4692.

CLASSROOM TEACHERS' SEMINAR

The Alberta Association for Children with Learning Disabilities has organized a seminar for classroom teachers, focusing on remedial techniques and practical approaches for dealing with students with learning disabilities. The

seminar, which will be held from 16 August through 19 August in the North Wing of the Education Centre, will feature small group workshops under the direction of experienced classroom teachers and will give participants an opportunity to exchange ideas as well as to learn new techniques and methods. For information about registration, call 426-1284 or 466-5511.

Cameron Library

Until 15 September. "Sam McGee and the Klondike," a display of Klondike literature including the earliest known versions of "The Cremation of Sam McGee" in the original typescript.

NON-CREDIT COURSES

MANAGING INVESTMENTS PROGRAM

This course is offered for individuals who are interested in learning about the facts and fascinations of security investments. Through lecture and discussion sessions the fundamentals of the stock market as well as other investment vehicles will be examined. It is intended that the course show the investor how he or she may evaluate the investment potential in most major avenues of the stock markets by knowing the vehicles and practicalities of investment.

The instructor for this course is Murray B. Budd who is the Manager of Merrill Lynch, Royal Securities Limited of Edmonton. He has worked in the investment area for seven years. The fee is \$65 which includes materials. Married couples may register for \$50 each and

share one set of materials. The course runs on Tuesday evenings, 7:30 p.m. to 9:30 p.m., from 21 September to 7 December. Since course enrolment is limited, those interested are advised to register early. For further information contact the Faculty of Extension, Business and Professional Division, or telephone 432-5066.

URANIUM CITY GEOLOGY FIELD TRIP

A field trip, for those who want some practical experience with rocks at an elementary level, has been scheduled for the Labor Day weekend, 3 to 6 September. Participants will have an opportunity to visit Uranium City, which is experiencing a second phase of intense activity in the exploration for uranium deposits. Several mines will be visited as well as mineral and rock outcrops in east, central, and western parts of the mining district. Stops will be made at various points of geological interest such as the Martin Lake Syncline, the St. Louis Fault, and several small high-grade handtool operations.

John D. Godfrey of the Alberta Research Council will be the guide for the field trip. Dr. Godfrey is the geology instructor for the evening "prospecting" courses held by the Faculty of Extension each year.

The cost of the trip is \$275 per person and includes tuition, course materials, airfare by chartered plane, bus transportation, accommodation, and box lunches. The fee does not include breakfast or dinner.

The registration deadline is 16 August and the trip is limited to thirty-eight participants. Registrations are accepted in 228 Corbett Hall. Further information may be obtained by calling 432-5061.

GRANTS AND FELLOWSHIPS

All inquiries regarding the following information should be directed to G. Holmes, Research Grants and Contracts Office, 3-31 University Hall, telephone 432-5360.

Medical Research Council Program Grants

At its recent meeting, the Medical Research Council revised its guidelines governing program grants. Applications for program grants must be submitted by 1 October and decisions about them will be taken by Council at its March meeting. In many cases a site visit will be part of the assessment process. Council should be notified by 1 September of the intent to submit an application for a program grant. This notification should include a title and brief summary in five hundred words or less of the proposed research and the names of the investigators submitting the application.

When a group of investigators each in charge of projects presently supported by operating grants (category A, B, or C) wish to seek support for continuation of these projects through a program grant, they should make application only for a program grant. In the event that the application is unsuccessful, their operating grants will be extended

for one year with a percentage increment determined by Council, or for the remainder of the term of their current operating grants, whichever is longer. Investigators who do not currently hold MRC operating grants or who are currently funded through terminal grants, grants for one year only (category D), or through twelve month extensions of operating grants and who wish to apply for program grants should also submit applications for operating grants (categories A, B, C, or D). In the event that the program grant applications are unsuccessful, these investigators will be funded according to their success in the operating grants competition.

POSITIONS VACANT

ACADEMIC STAFF

Administrative/Professional Officer I

Duties: to act as Administrative Aide and Deputy to the Chairman of the Department of Ophthalmology. Responsible for budget preparation and control, space utilization, equipment maintenance, and personnel administration. *Qualifications:* Applicants must be university graduates in the arts, sciences, or commerce, with some office management experience.
